“Repetition”

GROUP SHOW AT TEXAS FIREHOUSE | SATURDAY, JUNE 28 | 8:00pm – late | FREE

Image by Beth Leatherman

The Texas Firehouse is proud to present Repetition, curated by Robert Deeds. Featuring work by the finest artists that both Texas and New York have to offer, Repetition is an exhibition comprised of artists whose works are heavily rooted in the concept of dynamic visual rhythm. With each artist delivering their own interpretation of what it means to depart from the standard applications of static work.

The presence of rhythm creates predictability and order in a composition. Visual rhythm may be best understood by relating it to rhythm in sound.

In addition to the art show, Garth Stevenson will perform a piece for double-bass and surround sound. Our very special musical guests will be Tigerbeat6 and Monitor Records recording artists Indian Jewelry. If you haven't seen Indian Jewelry yet, you are way past due. A host of DJ's will round out the evening, ensuring that the night will be most memorable.
